Is Your Family The Most Important Thing To You
In The World? Are You Watching Your Children
Grow & Change Almost Before Your Eyes? Are
You Wishing You Could STOP TIME, And Hold On
To This Moment Forever?

Photographer Omar Mena here, and if you're at all like I am, you feel so many different things when you think about the people you LOVE in your life.

I find myself tearing up (with joy) just remembering my kids when they were little.

At the same time, I'm so aware of how fast the time is passing, and how many incredible memories we've all shared over the years.

CALL ME - NO COST, NO OBLIGATION, JUST TO CHAT ABOUT WHAT YOU'RE LOOKING FOR - 915-694-5799

Omar is an amazing photographer, very experienced, and professional, and will make you feel comfortable so that your pictures for any occasion come out fantastic. He shot my senior photos and recently shot my wedding pictures. Both had their theme and came out amazing. I highly recommend him as your next photographer! - Karla Loya

THIS IS THE SECOND TIME I CALL ON OMAR. FIRST WAS MY DAUGHTER QUINCENERA, AND SECOND TIME WAS MY WEDDING. AND AS EXPECTED...GREAT GREAT WORK. EVERYONE WHO HAS SEEN OUR PHOTO ALBUM AND VIDEO HAVE NOTHING BUT GREAT THINGS TO SAY ABOUT HIS QUALITY OF WORK. OMAR AND HIS STAFF ARE ALL VERY PROFESSIONAL AND COURTEOUS. SCALE OF 1-10...I GIVE HIM A 20 !!!! - DANNY CASTILLO

WHAT MAKES MY PORTRAITS SO SPECIAL TO MY CLIENTS?

I believe it's the sensitivity, emotions, love, and relationships I capture of my clients and those they love. That's what I'm all about.

So, what is it about my portraiture that sets it apart from anyone else with a "camera" out there?

Think of it like this - A PAINTER. Right? Anyone can pick up a paint brush and put some paint on it, and put that brush to canvas and start... painting.

But, does that mean that painting is going to be something beautiful - meaningful - emotional - a work of art?

Of course not. It comes down to the artistry and understanding of that ARTIST to use the tools he or she has been given to CREATE.

It's the same thing in photography, as I am, in essence, painting with light, but I'm also working to create a portrait that brings tears of joy to your eyes, and captures the relationships and personalities of those you love.

An artistic, master photographer understands lighting, understands posing, understands human psychology, and understands how all of these things come together to create a portrait that transcends "every day" to become something that you will cherish and admire every day of your life.... as EMOTIONAL AND MEANINGFUL ART.

This is what I've dedicated my life to. This is what I love. And I've invested many, many years of my life into perfecting my craft so I can create the most cherished portraits you've ever had created. I believe it's my purpose for being on this planet.

Does it seem like life is just FLYING by? Do you find yourself thinking about doing some things, then, before you know it, a month, a year, 5 years have gone by?

I'm so glad you've visited here, and by being here, I'm assuming you've been considering having a fine portrait created. There could be many reasons for this - feeling how fast time is passing, and wanting to stop it and capture this moment - or the fact that every day your children are looking more and more like adults - or that it's just time to have a fine portrait of your family created that you can all love and appreciate for years and decades to come.

Amazing photographer he did my 2 Xvañera pictures , graduation for my eldest, volleyball for our High school pictures and 3 more Xvañera's which my girls were in. He has an awesome eye for the perfect pictures!!! Highly recommend!!
- Karla Guaderama-Puertas

Whether you're looking for someone to photograph your family, or a photographer who can capture the essence of your child's personality, I'm going to help you discover everything you need to know.

How Do You Choose The Right Photographer? The 7 (or more) Things You DIDN'T Know To Ask:

If you're like most people, you probably get a bit overwhelmed as you go search and realize there are a lot of photographers out there to choose from.

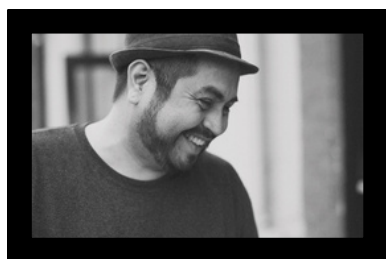

How do you decide who to trust with creating these portraits for you? Well, don't worry, I'm going to clue you in on the VITAL THINGS you must ask of any photographer.

No Matter Who You Decide On To Be Your Photographer, These Are Things You NEED To Know...

My goal is simple: I want your photographs to be perfect. Therefore, regardless of whether you decide to have me create your photographs or not, I still want you to know about the things most photographers DON'T want you to know about.

We Guarantee That You'll Love Your Portraits, Or You Don't Pay Us For Them...

"If you don't cry TEARS OF JOY the first time you look at your images - if you're not THRILLED for any reason, I will do everything in my power to see to it you ARE thrilled, or I'll give you all your money back." - Omar Mena

I am more passionate about creating fine portraits for you and your family than I am almost anything else in my life. In fact, the only thing more important to me is my own family. So, I understand what YOUR family means to you, and I take this very seriously. That's why I offer this completely no-risk guarantee - you are risking nothing by having me create these precious portraits for you.

How can anyone make my grandkids even more beautiful than what they are?! Call him and find out. Professional and quality work. Highly recommend - Carlos Diaz

Omar was the photographer for our daughter quinceanera. He does amazing work and would highly recommend him for any event big or small. He captured every detail of the day. Thank you for being a part of this special occasion- Tony and Teresa Hernandez.

Call NOW, Just to chat, no cost, no obligation, to take that first simple step toward having the portraits of your dreams created - RIGHT NOW - before you get busy, and more time slips away... 915-694-5799

In this "online age," it can be almost impossible, it seems, to get anyone on the telephone to actually talk to.

I mean, have you tried to get hold of an actual human being at AMAZON or FACEBOOK recently?

Your portraits are truly going to be as important to me as they will be to you and your family, and I WANT to talk with you on the phone about exactly what you're looking for, and to help answer any questions you might have.

This is not about "selling you" on hiring me. I'm extremely busy, and feel very fortunate to be doing something I love so very much, and making a wonderful living doing it. This is about finding out what you most want from a photography session, and helping you be sure to get it, regardless of who becomes your photographer.

And, of course, at that time, we can take a look at our calendar here, if you do decide you would like to talk about us creating these photographs for you, and see if we are available, but it's totally up to you.
